Workbench 2.1 m with stainless steel top and 89 tools - Beta C58BC

Code: 058000983

Brand: Beta Tools

Category: Beta Work Benches

Generated on: 12/09/2026

Product page: Betafer.it

Complete professional 2.1 m bench with 8 drawers, cabinet, LED panels and assortment of 89 tools.

Description

The Beta C58BC-X2,1/89UT combines the bench, equipped wall and tools in a single station. The eight drawers separate the modules by family, while the lockable compartment protects bulkier materials and equipment.

Advantages in professional use

The 2100x750 mm surface offers space for work and the two lower shelves exploit the central part of the bench. Four perforated panels and two IP20 LED lamps complete a workshop-ready setup.

Technical data

Feature | Detail

Weight: 233kg

Frequently asked questions

Are the 89 tools included?

Yes. The bench includes the MS3 BW 13-piece, MS5 BW 31-piece and MS60 BW 45-piece modules.

What is the difference between plan W and plan X?

W identifies the plywood top; X the MDF top covered in stainless steel. Both measure 2100x750x38 mm.

Which color corresponds to the chosen code?

The code ending with 3 has RAL 2011 orange fronts and anthracite structure; the one ending in 7 is entirely anthracite RAL 7016.
